SISSON BROUGHT BACK FOR TRIAL

When he appeared from a sentence of thirty days in jail yesterday in the Police Court of Petersburg, Richard Sisson, eighteen years old, who furnished bail for his appearance in the higher court, was immediately re-arrested on a charge of larceny committed in this city. He was brought back here by Detective Gentry, and will be given a hearing Monday morning before Police Justice Crutchfield.

Sisson is the man who is alleged to have flimflammed the Grant Drug Company, Seventh and Broad Streets, and T. A. Harrison, a druggist, of 115 East Canal Street, of small sums of money and candy. Sisson is accused of using the old trick of ordering an article by telephone and requesting that change for a bill be sent with it. He would take the article and change from the porter and disappear.

Sisson was arrested in Petersburg when he attempted to work the same game on J. O. James, a shoe merchant. It was on this charge that he was convicted yesterday, and sentenced to jail. He is understood to have admitted the charge, and to have implicated several confederates. Other arrests in the case may follow.

OFF ON CHRISTMAS TRIP

(Special Cable to The Times-Dispatch.) London, December 14.—The Cunard-Luxitania sailed to-day on her Christmas trip with a full passenger list. Harry Leander, the Scotch comedian, and Mrs. Leander joined the ship at Liverpool, coming from Mr. Leander's estate at Dunoon, Scotland. Lieutenant Sir Ernest Shackleton, the explorer, who is one of the passengers, says he intends to combine business with pleasure, and will deliver a series of lectures while in the United States.

MAN AND HIS WIFE BURNED TO DEATH

Suspected That House Was Set on Fire to Hide Robbery and Murder.

(Special to The Times-Dispatch.) Fredericksburg, Va., December 14.—Blaine Ford Thornton, a highly respected colored man and his wife were burned to death last night in their home, about two miles from this city, in Spotsylvania County, which was destroyed by fire. Neighbors went to the scene as soon as the fire was discovered, but the roof had already fallen in. After the fire had spent its force the bodies were pulled from the burning timbers.

Thornton about three weeks ago drew from the bank here a considerable sum of money which he had deposited and took it to his home, and it is believed that it is a case of robbery and murder.

Investigation to-day at the scene of the fire disclosed blood spots on the ground near the burned house, which led 100 yards to a spot within the woods, where was found a pool of blood, and a short distance away a stick four feet long, which had blood on it half its length, spots of the brains and human hair. At another place near the house was another pool of blood. It is believed that the murderer enticed Thornton from his home last night and murdered him, and when his wife came in search of him that she was murdered, both bodies then being placed in the house and the house set on fire after being robbed of what money could be found.

Sergeant J. C. Chichester and Commonwealth-Attorney T. Stockley Coleman, after a consultation conferred over long distance telephone with Governor Mann's office and requested that bloodhounds be sent at once to get on the trail. The bloodhounds will arrive to-night. The coroner's inquest brought in a verdict that Thornton and his wife met their death at the hands of unknown parties.

The authorities of Spotsylvania County advised Governor Mann yesterday morning of the crime and requested that the bloodhounds from the State Farm be sent to the scene in an effort to track the guilty parties. Unable for the moment to get into communication with the directors, the Governor talked with Major James R. Wood, superintendent of the State Penitentiary, who ordered the dogs. They arrived at 4 o'clock and were taken to Fredericksburg at 5:30 o'clock last night.

NEGRO CONFESSES HE KILLED WOMAN

Walks Up to Officer in Petersburg, Tells His Story and Surrenders.

(Special to The Times-Dispatch.) Petersburg, Va., December 14.—A strange negro walked up to Police Officer Belcher on Spotsylvania Street to-night and told the officer that he was a murderer; that he had killed a negro woman in Sussex County last night, and that he desired to deliver himself up and suffer the penalty of the law. The officer took the man to the police station, where he was questioned by Chief of Police Haglund, to whom he related the same story. Chief Haglund was impressed by his statement and telephoned to Justice of the Peace Hough at Stony Creek, and was informed by him that a negro woman, living four miles west of Stony Creek, had been shot and killed last night by someone. The negro is named John Mason, and is a small, thin, dark-skinned man.

The woman he killed is named Gertrude Smith, and Mason's statement is that he and the Smith woman had quarreled, that the woman had terribly abused him, and he made up his mind to kill her. Late yesterday afternoon he went to the woman's house and shot her with a single-barreled gun and went to the Smith woman's house. She

saw him as he got to the house, and throwing her hand, said "O Lordy," and he shot her. In the house with the Smith woman were her two little children, and they were the only witnesses to the crime. After the murder Mason threw the gun away in a vacant field and walked to Petersburg, where he gave himself up. Mason expresses great sorrow for his deed.

FIRES WILL BLAZE TO GREET WILSON

Stanton, Va., December 14.—President-elect Woodrow Wilson home-coming to his birthplace here on December 23 will be celebrated with bonfires throughout Virginia, according to plans now being made. Along the route of the President-elect from Alexandria, shortly after he enters the State to

Stanton, fires will blaze a welcome. At Montpelier, Jefferson's old home, at Montpelier, Madison's old home, and other prominent points, fires will burn.

Vice-President-elect Marshall, it is expected, will make an address here in February.

tween a Turkish destroyer and two Greek gunboats patrolling the Dardanelles Straits, according to a dispatch from Athens. It was said that the Turkish vessel attempted to pass from the Dardanelles into the Aegean Sea, but was driven back by the fire of

the Greeks. The Turkish forts on either side of the waterway replied to the Greek gunboats.

Their Faith Admirable.

London, December 14.—On the eve of the peace conference, the Associated Press has gathered from the representatives of the Balkan kingdoms and the foremost Turkish delegate an authoritative declaration of the terms which the victorious kingdoms propose to enforce, and the Ottoman views thereon. Like experienced diplomats, all the Balkan delegates, in speaking officially, adhere to the watchword adopted in the first and probably the last plenary meeting before entering the conference, that they are "in complete accord and have established a perfectly united program to follow."

When they speak with friends, not for quotation, their faces light up with their enthusiasm, and their faith is admirable.

"Tell the Americans," they say, "that we trust in their sympathy and moral support, as we are fighting desperately and shedding our blood for the same cause which rendered the name of Washington glorious and venerated. We are risking all we possess for our liberty and independence."

"Tell them," added, in perfect English, M. Vassitch, the Serbian minister at Paris, who is a polyglot and a learned professor, "that some of the sons of the Balkans at the front have been giving proofs of valor and bravery of which Uncle Sam should be as proud as we are."

The determination of the Balkan states not to allow an Ottoman policy of procrastination is significant on account of the form which it has manifested. "The Turks are much mistaken," said one of the delegates, "if they entertain such an idea. Peace will practically be concluded by Christmas and New Year's around the diplomatic table in St. James's Palace, or at Easter under the range of our cannon and at the point of our bayonets. But then conditions will be very different. Now we are satisfied with the minimum demands; then we will exact the maximum."

The main conditions of the allies include the immediate surrender of Scutari, Adrianople and Janina, the garrisons of which will be granted full military honors; the evacuation of Eastern Europe by Turkey as far as East Thessaly to a line which experts appointed by the contracting parties will delimit on the spot; the cession to Greece of all the Aegean Islands, including Rhodes and eleven others, which Italy is asking as a pledge for Turkish fulfillment of treaty; the cession of Crete to Greece, and the payment of a war indemnity and the expenses sustained.

Peasimism General Note.

(Special Cable to The Times-Dispatch.) Paris, December 14.—According to the Journal, peasimism must reign in government circles in regard to the peace outlook, for the Bank of France recently engraved a great stock of 5-franc bills to supply the want for small cash in time of war. It is reported that bills of 10 and 20 francs are also ready for forced currency. When it is remembered that a 50-franc note is the smallest bill now current, it will be seen that something unusual is being provided for. Peasimism is certainly the general note. An army general commanding at Nancy said to-day that he had come to Paris on important business for a day, but had been unable to obtain leave to stay here overnight. He said he had been trying for the last two weeks to obtain a leave of absence to go to Cairo, where important business was calling him, but was told that it was useless to ask for such a thing just now.

END OF 'SLEMPISM' MAY COME QUICKLY

(Continued From First Page.)

matter, I have reasons to believe that it is purely a partisan investigation, and only made for partisan purposes. I have recent information that since a Republican witness told about the Democrats having tickets on the outside at certain precincts, that the grand jury immediately adjourned until January 1. I will be able to show at the proper time that I gave no money to any person except with the express understanding that it was to be used only for legitimate purposes.

"I understand that the witnesses, who were members of the Republican committee and who appeared before the grand jury, stated that I gave them no money except with the express understanding that it was to be used for legitimate purposes only. I do not believe that any votes were bought in

Russell County, and I believe that when the matter is threshed out it will be found that this partisan investigation was brought about for the purpose of trying to secure evidence upon which to base a contest, and that no money can be traced to the point of influencing any votes, at least by the Republicans. I have been advised, however, that the Democrats used money in that county, but my information is only in the nature of hearsay in regard to this, and I cannot state it positively. I can state that the Republicans had no money to buy votes given to them by me, nor do I believe that any votes were bought by them.

"The statement in the Roanoke Times of December 13, accredited to me, is not true, as I made no statement, but positively stated to the reporter, in the presence of witnesses, that I would make no statement until

I received more information in regard to the matter." P. H. McG.

An Appeal to Those Suffering With Rheumatism

My Statement:

If you are a sufferer from rheumatism I know that this will be of much interest. I know if you have a relative, or friend, suffering the terrible tortures of this many-headed monster—rheumatism—that it will be equally interesting.

You would give almost any price to be relieved.

There are many so-called "cures" advertised—read what most of them require: Take three or four times a day, internally, some remedy made up with strong drugs, which I would call "dope."

Read what these "cures" claim is the cause of rheumatism—uric acid, kidney trouble, liver complaint, indigestion, etc.

No one knows what uric acid is—ask your family physician. While you are talking to him, ask about these "cures" at the same time. You have a lot of faith in his opinion.

Rheumatism is a serious disease—with more serious conditions following if not checked in time. It often doubles one up, brings on all sorts of misery, makes life almost unbearable.

Nine cases out of ten require no internal treatment at all.

Do not fill your system with these "cures" until you have tried

Noah's Liniment

You may be one of the nine that can be helped by it—Noah's Liniment is an external treatment.

You would, if a sufferer, give \$5.00 as quickly as \$1.00 for something that would help you. All I ask you to do is to try one large size bottle of Noah's Liniment. If it does not benefit you your dealer is authorized to give back your money.

Where there is not any swelling or fever Noah's Liniment will no doubt help you. Requires very little rubbing, penetrates and does not evaporate like most external remedies.

If you have read thus far you will be more interested to continue. I have personally investigated many of the testimonials for Noah's Liniment.

Not long ago I went to Charleston, S. C., to look into a remarkable case. This man, Mr. John P. Daly, was unable to raise his right arm for more than ten years until he had used Noah's Liniment. Mr. Daly is 68 years old, and is well and favorably known in Charleston. He has resided there most of his life and was a veteran in the civil war. Mr. Daly told me his sister requested a sample by mail; then he states he purchased a 25c size bottle, and then a \$1.00 bottle, and a little more than the latter made a perfect cure.

Louis B. Martin

Noah Remedy Company

Mr. Daly's Statement

"I suffered with rheumatism in my right arm and shoulder, complicated with a partial paralysis of the nerves. I tried numerous preparations with only partial relief, suffering intense pain all the time, loss of appetite, insomnia and pain all the time, loss of appetite, insomnia and pain all the time. Fortunately I learned of Noah's Liniment and began its use. Although I could not raise my arm, after using a little more than a large size bottle I feel that I am completely cured and my old self again. Cannot too strongly recommend Noah's Liniment."—John P. Daly, Charleston, S. C.

From a Prominent Business Man of Alexandria, Va.

"I have been using Noah's Liniment in a very bad case of rheumatism, and have found it very beneficial in removing the pain, and believe it to be a valuable remedy. I recommend it to all sufferers in that line."—J. Matthews.

Cured of Sciatic Rheumatism

"Every winter for the past few years I have been troubled with sciatic rheumatism, and had used nearly every liniment and remedy known. I used one bottle of Noah's Liniment, and haven't been troubled with pain since."—J. E. Emerson, Prop. Globe Stamp Works, Boston, Mass.

Cured of Bone Rheumatism

"I had been suffering with bone rheumatism for about three years. I have been using Noah's Liniment, and will say that it cured me completely. Can walk better than I have in two years. Noah's Liniment will do all you claim. I cannot recommend it high enough."—S. E. Cyrus, Donald, S. C.

Noah's Liniment is

the best remedy for Rheumatism, Sciatica, Lamé Back, Stiff Joints and Muscles, Sore Throat, Colds, Strains, Sprains, Cuts, Bruises, Colic, Cramps, Neuralgia, Toothache, and all Nerve, Bone and Muscle Aches and Pains. The genuine has Noah's Ark on every package and looks like this cut, but has RED band on front of package, and "Noah's Liniment" always in RED ink. Beware of imitations. 25c, 50c and \$1.00, and sold by all dealers in medicine. Guaranteed or money refunded by Noah Remedy Co., Inc., Richmond, Va.
